CUSA Technologies and Patriot Techcorp team up to expand CUSA' line of compliance solutions for the credit union industry

December, 2006

CUSA Technologies, a unit of Fiserv, Inc. and a leading developer of credit union management software systems, entered a Strategic Arrangement with Patriot Techcorp to develop and implement a custom version of the Multi-Batch Patriot ^{TM} program for CUSA Technologies' service bureau environment.

The Multi-Batch Patriot ^{TM} program was developed to be used by organizations such as CUSA Technologies that process multiple data files for clients.

Patriot Techcorp' primary focus is on the development and provision of compliance and technology solutions to address compliance issues for Anti-Money Laundering (AML), Anti-Terrorism, the USA PATRIOT Act, Office of Foreign Assets Control (OFAC), Bank Secrecy Act (BSA), and other related domestic and Global foreign governmental regulatory requirements.

About Patriot Techcorp

Patriot Techcorp, Inc. is a software research and development and network security management services firm that specializes in combining advanced technology with vision and innovation to produce quality products and cost-effective solutions.

The Patriot team is comprised of PhD level business professionals and computer science engineers that collaborate in its efforts in being recognized as an industry leader providing comprehensive compliance & technology solutions.

The founding management team has a combined tenure of over twenty-five years of experience within the governmental and financial industries providing a wide array of solutions.

Patriot' engineering and programming team has developed and provided software applications and network security consulting services for industries such as: financial, insurance, aviation, judicial, military and intelligence sectors of the government, energy, communications and high-technology both in the United States and internationally.
